## **DETAILED ACTION**

### **EXAMINER'S AMENDMENT**

The following is an examiner's statement of reasons for allowance:

Claim 1 is allowable over the prior art of record because the teachings of the references as a whole do not show or render obvious the combination set forth, including: (1) a movable step having a vertical riser , the movable step extending the full width of the stairway, wherein the movable step in the first position is flush with the first step for maintaining a low profile blending in with the surrounding conditions, and comprising controlling means including an auto return switch for automatically returning the movable step from the second position to the first position upon a user departing the movable step.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
